

## Red Hat Woman *(Tune: I Am Woman)*

I am woman, hear me roar  
As I put my hat on going out the door.  
It's red as red can be  
And when I wear it, I'm filled with glee!

My purple outfit may be a little tight  
But I think it fits me just right.  
My other accessories I do don  
You'd think a fairy princess touched me with her wand.

When I meet my other Red Hatters to shop and dine  
We all look so perfectly fine!  
We have fun and giggle a lot,  
And when we walk down the street, people stop and watch.

Oh, how grand this is for us  
That we've learned laughter is a must!  
And so I say to you dear Red Hatters  
In life, friendship and fun,  
That's what matters!

## Red Hat Rounds #1

*(Tune : Frere Jacques)*

Come, Red Hatters. Come Red Hatters.  
Hear our call. Hear our call!  
Joy to all we're bringing, with our raucous singing  
Have a ball! Have a ball!
